8 March 2007

Dear [REDACTED]

I refer to the request which you made under the Freedom of Information Acts 1997 - 2003 for information relating to the Biofuels Mineral Oil Tax Relief Scheme II as follows:

- (1) Names of all the applicants for Biofuels Mineral Oil Tax Relief Scheme II, indicating those who were successful and those who were not.
- (2) Copies of all completed application forms and all supporting information.
- (3) The number of points awarded under each of the 5 headings to each applicant by the assessment panel.
- (4) All minutes and records of all meetings of the assessment panel.
- (5) Names of all applicants that were recommended by the assessment panel for inclusion in the Biofuel Mineral Oil Tax Relief Scheme II.
- (6) Names of applicants who have been placed on the "Reserve of Applicants".

I have made a final decision to part-grant your request on the grounds that some of the information is already available on the Department's website at <http://www.dcmnr.gov.ie/Energy/Sustainable+and+Renewable+Energy+Division/Bio+fuels+Scheme+II/> and on the grounds that other information is held by the relevant projects to be commercially sensitive. If you have any queries regarding this correspondence you can contact me by telephone at 01-6783215.

The purpose of this letter is to clarify that decision. This explanation has the following parts:

1. a schedule of all of the records covered by your request;
2. an explanation of the relevant findings concerning the records to which access is denied, and
3. a statement of how you can appeal this decision should you wish to do so.

This letter addresses each of these three parts in turn.

### **1. Schedule of records**

A schedule of relevant records is attached to this letter. It shows the documents that this Department considers relevant to your request. It describes each document and where appropriate refers to the sections of the FOI Act which apply to prevent release.

The schedule also provides brief reasons for the decision which are meant to supplement the fuller and more detailed explanation given under heading 2 below.

## **2. Findings, particulars and reasons for decisions to deny access**

The sections of the Act which can apply to deny access to documents are known as its exemption provisions.

The records involved are the application forms and supporting documentation submitted by all of the companies under the Biofuels Mineral Oil Tax Relief Scheme II and the score sheets prepared by the assessment panel for each of the projects. The information provided in the applications is considered by the project developers themselves as commercially sensitive as it contains business details, technical descriptions of the projects, processes involved, plant facilities and details of where feedstock supply will be sourced along with information in relation to financial details of the applicants. The applications also contain personal information relating to the individuals involved in the project teams. The information in the applications was provided by the applicants in response to a call for proposals process and it is considered that disclosure of any part of the information or the disclosure of scores could prejudice the competitive position of the companies involved.

The relevant sections of the FOI Act are as follows:

**Section 27(1)(a)(b)(c)** relates to information which is considered commercially sensitive as it relates to the business, financial and technical details of the proposals by the companies involved and details of where feedstock supply will be sourced to develop biofuels which is considered trade secret. The release of this information could prejudice the outcome of contractual or other negotiations of the applicants. Therefore it is considered that there is no benefit to the public interest by granting access to these records.

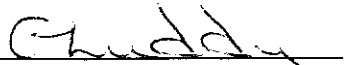

**Section 46(2)(a)** relates to information which is publicly available on the Department of Communications, Marine and Natural Resources website.

With regard to your request for a copy of the Reserve List and minutes of the meetings of the assessment panel such records do not exist.

## **3. Rights of appeal**

The Freedom of Information Act provides the right to appeal a decision taken under the Act within 4 weeks of the initial decision. Should you wish to make such an appeal, you can do so by writing to Mr Frank O'Brien, Freedom of Information Unit, Department of Communications, Marine and Natural Resources, Elm House, Earlsvale Rd, Cavan. Please note that there is a charge for all appeals of FOI requests which is currently €75 or €25 for medical card holders. The appeal will involve a complete reconsideration of the matter by a more senior member of staff of this Department.

Yours sincerely

  
Geraldine Luddy  
Renewable and Alternative Energy Division
