Notes.

This list was amended on 13/07/2004 and is regularly updated. The MRAU is presently having discussions with intending course providers with a view to their approval in the coming months. The above providers are generally prepared to travel with their equipment where required. Clubs and organisations may arrange to have a course at a venue suitable to their members after consultation with a course provider.

If you are a recognised course provider and your details are incorrect or omitted please contact the Maritime Radio Affairs Unit or e-mail john.byrne@dcmnr.gov.ie or phone 053 60176.
